VINTAGE CONDITIONS

The season for vintage 2021 commenced with good late-winter and early-spring rains. Dry conditions prevailed from November onwards, with rainfall well below average for the remainder of the growing season. Weather conditions from mid to late November were ideal for flowering and fruit set. The latter half of the season was ideal for fruit development with some of the best conditions seen in the last 10 years, although Riesling bunch and berry sizes were down on average which reduced yields for this variety. Overall our winemakers report the ideal conditions have produced stunning wines from this vintage with great varietal characteristics.

COLOUR

At release, the wine is a very pale straw colour with a slight green tinge to the edge.

NOSE

The wine displays zesty lemon and lime aromas along with faint orange blossom aromas.

PALATE

The wine is quite restrained at release with a linear focus to the palate and purity of fruit flavours. Plenty of fresh lemon/lime juice characters abound with crisp and refreshing lime acidity down the mid-palate. All this is complimented by a persistent and refreshing finish.

OAK MATURATION

Nil

CELLARING NOTES

Crafted for immediate enjoyment but will cellar over a long term under ideal conditions.
